Subject: RE: Overnight security at Confederation park
Importance: High

Hi Phil

A few different roles:

- * Access control, although in the overnight period this should almost be non-existent
 - * only vehicles intended to support the NAC are permitted (food services, cleaners, etc...)
- * Ensure that individuals do not attempt to set-up structures in the park
 - * Any attempted set-ups should be flagged immediately to the OPS for support and removal
 - * Includes people bringing building material, piling material in the park, handling hazardous material (propane, fuels)
- * Security of site fence
 - * We know that individuals are accessing the park on foot (which is fine), we just need to be sure that the planters and fence at the pedestrian access points on Elgin and Laurier remain largely installed where they are

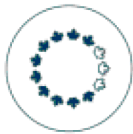

- * Note that when completing these sweeps access to Freiman needs to be blocked by their vehicle
- * **At least 4 sweeps should be completed over the course of the night**
- * Report illegal activity – report to OPS immediately
 - * this includes things like fireworks, open fires, etc...

Note that individuals and small groups may still make their way through the park without any concern. It is the larger congregations, especially those who appear to be doing mischief, that should prompt a call to OPS for support and, as needed, clearing of the park.

If at all possible, it would be great to have the same agent for these three nights so that we have consistency at this crucial spot.

Thanks again for pulling this together so quickly!

Cheers
Ian

Thank you Ian,

After discussion with Toersa, it looks like they will be able to accommodate our request. To clarify, we would like an agent with a vehicle to control access to Frieman road. Any other duties required?

I'll advise once I have confirmation.

Thank you

Phil

Hi again Phil,

FYI the NAC has agreed to cost-share the overnight security agent at Freiman.

Cheers
Ian

Hi Phil,

As per our conversation we'd be looking for an agent on Freiman Lane from 7pm - 7am starting tonight and running through Wednesday overnight into Thursday.

I confirmed and the skateway does not have an overnight guard during the week.

The COs will be covering the daytime shift from 7am - 7pm in this stretch. If a slight modification to their start or end time make or break it for the agencies you chat with please let us know as Pietro may be able to modify their schedules to accommodate.

Cheers

Ian
